Foreword

When a year has gone, how will you ever find it again?
I wonder where it has gone, this year that is ended?
Certainly someplace far beyond the horizon.
It is gone like a river which flows to the East,
And empties into the sea without hope of return.
As recompence for a whole year of trouble.
We leave the bygone year without regret.
Will we leave so carelessly the years to come?
Everything passes, everything
Goes, and never looks back,
And we grow older and less strong.

Badger Boys And Badger Girls State

For one week in June each summer the American Legion offers two junior boys the chance to attend Badger Boys State at Ripon College and one junior girl to attend Badger Girls State at Madison. Last summer Ken Wolf, Dan Jones, and Jeanette Gerke became citizens of Badger. In this imaginary city of Badger, informational speeches on government are given and mock elections are held for local, county, and state offices. The citizens of Badger become acquainted with these levels of government to prepare them for the future years when they will become active community citizens and leaders.

The Student Council is an organization which is representative of the student body. It serves as a middleman between the students and the administration and faculty. Its purpose is to promote school spirit and sportsmanship and offer helpful opinions on subjects it may be asked to comment on.

The Student Council's past method for organization each year has been the election of a boy and girl from each class. Beginning with the 1968-69 school year a new plan will be instigated. A freshman boy will be elected to serve two years on the Student Council. In the next two proceeding years a sophomore girl will be elected for two years and then a junior boy for two years. The cycle will then begin over again except that the pattern will begin with a freshman girl and, thus alternate each year.

This plan was drawn up to make the Student Council more efficient. The members who serve two years will have the experience needed to make the organization beneficiary to the student body.

Each year the Student Council sponsors the Football Homecoming besides their various small programs--locker checks and dress-up days.

Student Council President Greg Wegner is explaining the new Amendment to interested Student body members: Kathy Jones, Jackie Danielson, Jack Challet, and Ken Wolf.

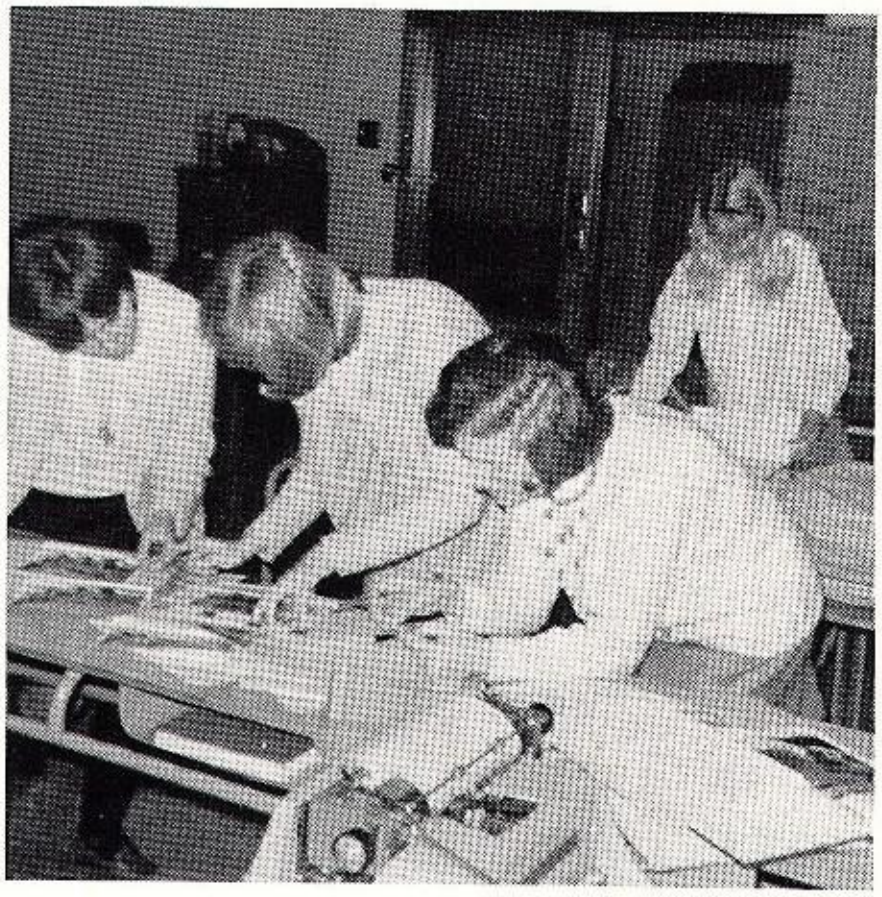
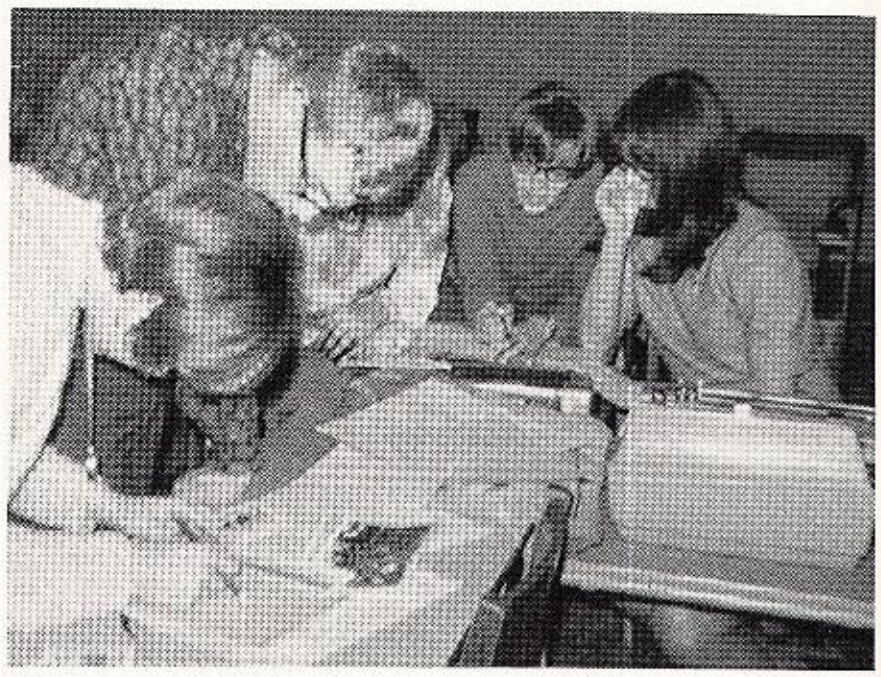
Cooperation Between Annual Staff Members Builds Our Echo



What a mess!!!!!!!



Diane, Jan, Barb, Ellen, and Vicki work hard to meet the deadline.

The Annual Staff is composed of a group of seniors who are interested in putting the yearbook together. The memorable year is captured through pictures and identifications for each picture. Each hour of work the staff does is just one more toward their goal of making this years yearbook the best ever.

Business Manager Ken and Greg go over the books.

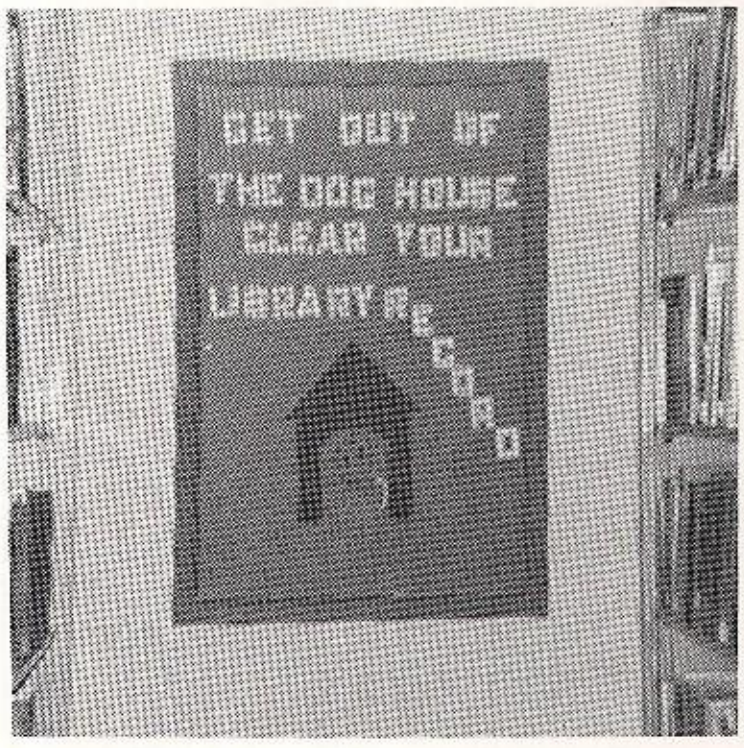
Jeanette, Karen, and Janice are busily shelving books at the Elementary Library.



The bulletin board displays good advise to the student body. It is only a small example of the effort the librarians put into their work to better their club.

The library is an information and research center. The librarians must efficiently carry-out their various duties to make this possible. Their tasks include desk work, processing books and magazines, shelving books, and acting as a "walking card catalogue." It is a commendable quality of a librarian to be so acquainted with books both included in and excluded from the library that he or she can quickly locate the information a student may be searching for. As an added pleasure, the library offers a fine selection of paperback books on display for sale.

The student librarian's and their advisor's duties do not end at the high school level. They are extended to the junior high and elementary levels. The facilities in the elementary library have made it a pleasant place to work in this year.

The Future Homemakers of America are involved in many activities during the year. In the fall they held a Freshman Welcome Party and they had a candy sale for making money. The club participated in the District Rally, which was held at Holmen. Twenty-four girls were selected to go. In January a Christmas Party was held for all the members to join in the Christmas spirit. Together the FHA, FFA, and AIAA sponsored the annually held Sweetheart Dance on February 17. With spring arriving the girls were occupied with adding the final touches to their sewing projects that they were going to model in the Spring Style Show. Rounding out the close of the year the FHA holds a Mother-Daughter Banquet honoring those who have achieved enough points for various awards. At this time it is announced who the lucky girls are that are going to Greenlake for the State Convention.

The first Bangor Thespian dramatic undertaking of the year was successful. The play "It's Almost Like Being" received an "A" rating in local competition and went on to receive a "B" rating at the District contest. It was directed by Mr. Brown. The cast was Bill Bosshard, Rick Roberts, Linda Kneifl, Sylvia Mashak, Kathy Stratman, and assistant director Ellen Hundt.

Dramatists

Throughout the year the Bangor Thespian Club has been very active. By January, there had been five new members with enough points for membership consideration. They are Bill Bosshard, George Althoff, Linda Kneifl, Jerry Bouska, and Rick Roberts. The group has completed many play productions and are working to better their organization. The Thespians' main money making project was that of selling pop at home basketball games.

Le Cercle Francais A Célébré "Le Jour Des Rois"

The French Club held its annual Epiphany Tea on Friday, January 5, after school in the Home Economics room. Members of the faculty and French Club were invited. Mrs. Zier became the Epiphany Queen because her piece of cake contained the button. She chose Mr. Toloken as king.

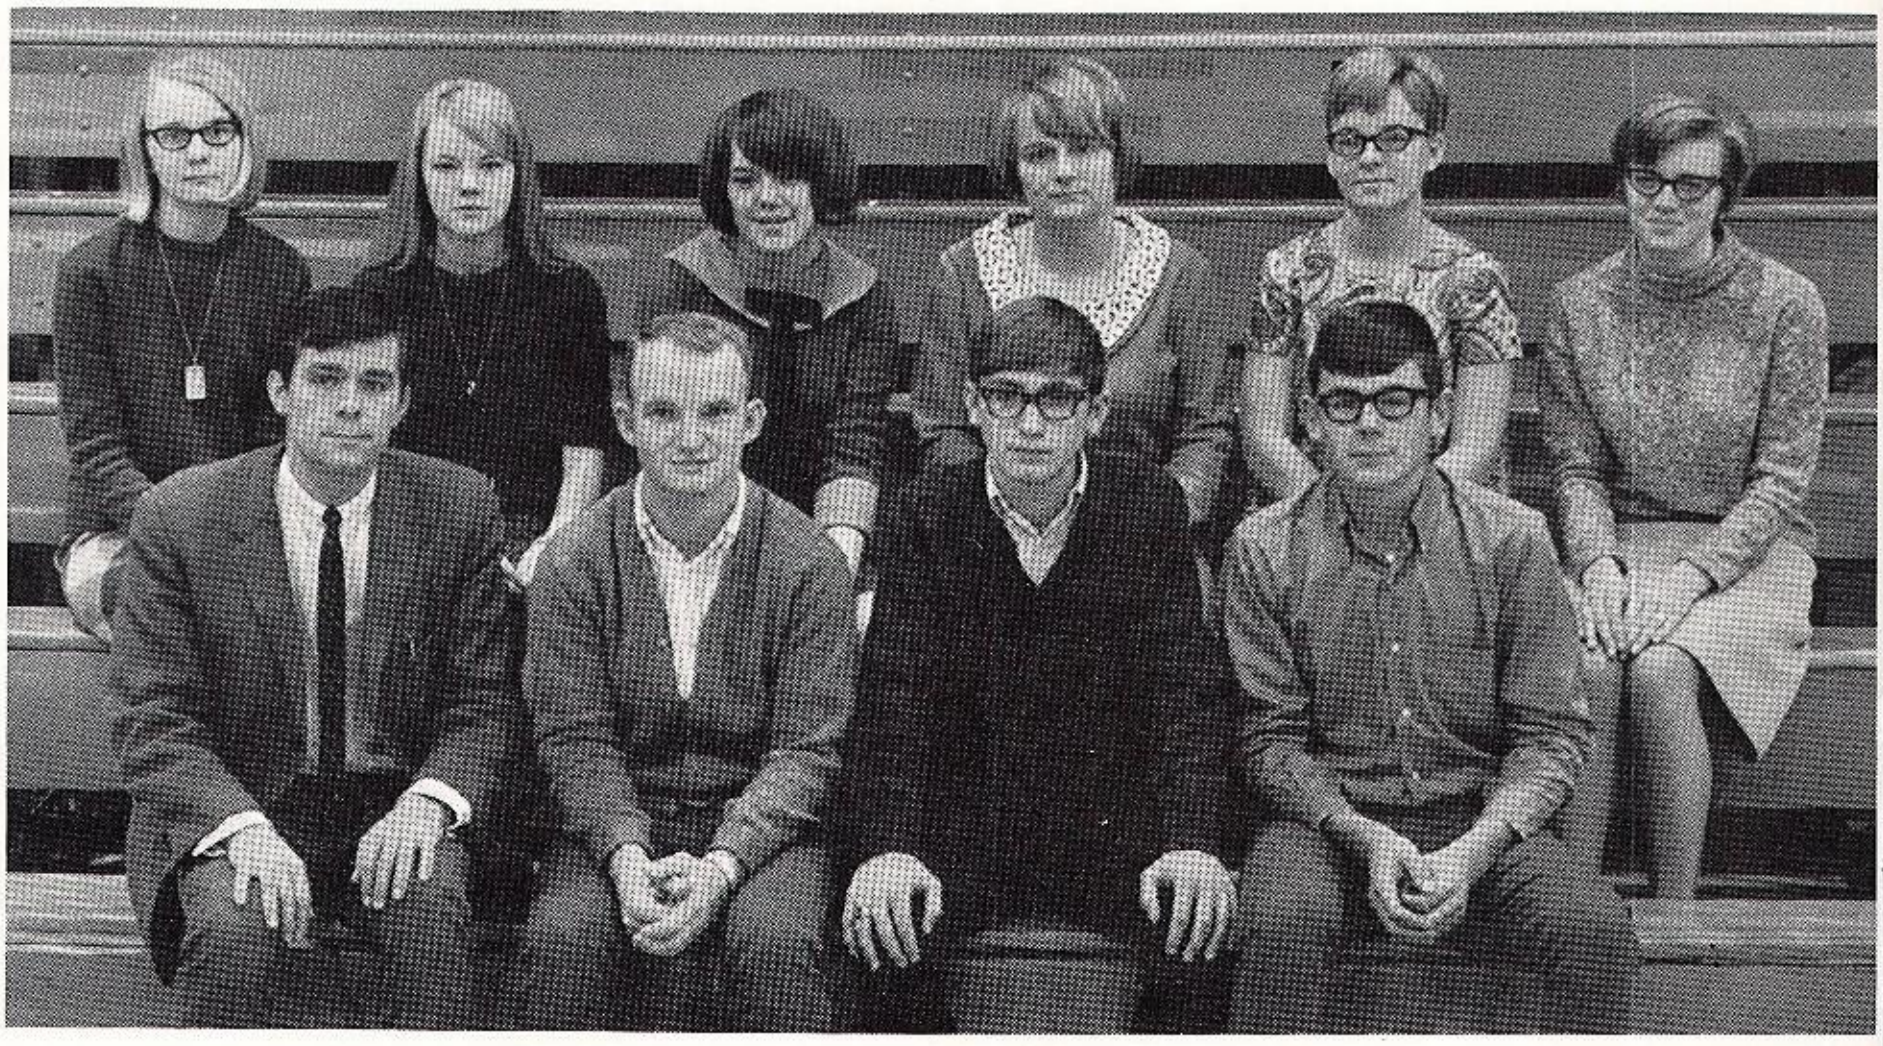
Epiphany, which is celebrated on January 6, supposedly commemorates the day the Three Wise Men reached Bethlehem and went to see the Christ Child. It is significant to the French in that the Catholic Church, to which most of them belong, recognizes this incident as the first time that Christ is recognized as the "King of Kings" by the representatives of all mankind for the Three Wise Men were all of different races. Because France is mostly Catholic, Epiphany is a much more important holyday there than it is here in the United States.

It is known as "Le Jour des Rois"--the day of Kings. Epiphane was the name of several kings of the Orient who were successors of Alexander.

Baked into the Epiphany cake which is served on this day are a ring, dime, button, thimble, heart, bean, and pea. Each of these tokens has a special significance. However, only a button was put into the cake and whoever received it was the Epiphany King or Queen and had to pick a mate.

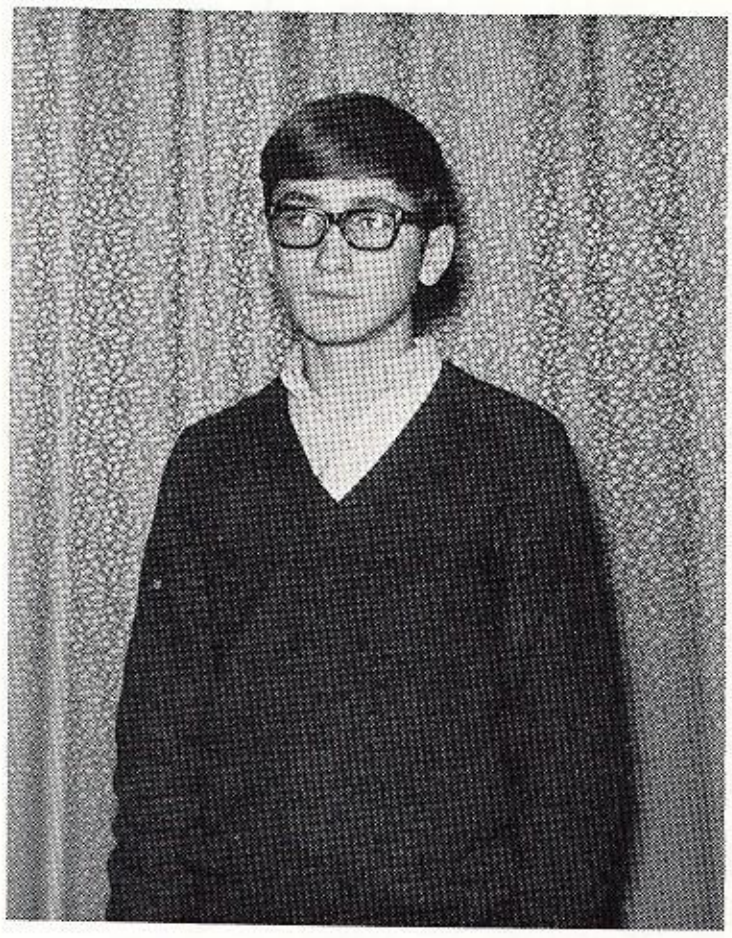
The French Club was organized to create interest in the French language. Besides honoring the Day of Epiphany with the Epiphany Tea, this years French Club had a Christmas party. With Mrs. Scheie's advise the French Club has undertaken other small projects.

Forensics



FRONT ROW: Advisor, Mr. Brown, George Hesselberg, Bill Bosshard, Gerry Bouska. BACK ROW: Janice Gerke, Sue Garves, Mary Wuensch, Mary Althoff, Nancy Niesen, Ellen Hundt.

Sectional Contestant



Bill Bosshard represented our school at the Sectional Forensic Meet in extemporaneous speaking.

Students participate in several different areas of forensics where they can express their views, and use to the best of their ability to speak fluently. They express themselves in poetry and prose readings, in extemporaneous speaking, play acting, and public speaking.

A contest is held at Bangor for home elimination purposes. From here winners go to district competition where they participate with schools in the surrounding area. If they receive an "A" rating they go onto the sectional meet and from there onto the state meet.

Thespian Snaps

What are you afraid of?

What did you do now Kathy?

Ballet girls!

You're not thinking of skipping???

The Thespian Club went wild one day and had a roaring time in the snow. Actually the Thespian Club is a serious group of students pulled together with an interest of putting on good plays for the other Bangor students. Each member works hard to put on a successful play. This spring, the group will again have "The Roar of the Crowd. The Smell of the Greasepaint."

Best Wishes
to Future Classes
from the
Class of '68

Finis. . . And now spring has arrived. The months proceeding autumn have spanned into another school year and the labors of the yearbook staff have come to an end. We have watched the yearbook grow into what we hope is and will continue to be a memory book to every student of BHS. We sincerely hope we have woven into each page the joys and highlights of the 1967-68 school term. To further complete our book we extend sincere thanks to the faculty and administration for permitting us to photograph them and for soliciting information concerning themselves. We also extend our gratitude to Vaughn Larson for his excellence in photography, to Mr. Benjaminsen and Mr. Robert Graf for their advice, to the subscribers, to the advertisers, and to anyone else who has contributed information for our use.
